

YOUR PENSION MATTERS

6/30/26

End of 3rd Quarter – FY 2025 - 2026

“Always do more than your fair share”

Warren Buffet

My friends, this will be my last letter to you as the Board Chairperson. Simply put, it is time to pass the torch to a younger generation. No worries, I will continue to serve on the Board of Trustees as long as the members of PBPD want me. At the September Board meeting, I announced to the Trustees my intention to step aside, and the Trustees selected *David Hall* as our Board Chair. The Trustees selected me to be Vice-Chair. Both David and I were grateful for their trust as we move into a new era.

Also at our September meeting, the Board welcomed two (2) new Trustees. Kerry Justice (retired PBPD/BSO) as the City Commission appointee and Jim Murray as the elected Trustee from our police membership. The Board bid farewell to Fire Chief Pete McGinnis and Captain Dan Christophers, each of whom served over 20 years on the Board. We should all be thankful for their many years of service protecting our Fund. A special thank you to Dan Christophers. He brought to the Board an idea he saw at a pension conference he attended years ago. The idea was an annual symposium. Twenty years later the practice is still in place, and it has been copied by many other pension boards throughout the state. Going forward, our symposium will be known as the *Dan Christophers Annual Educational Symposium!*

9/11 +25 A few weeks ago our country commemorated the 25th Anniversary of the 9/11 attacks. Over 400 first responders were killed at the *WTC* site along with thousands of other murder victims which includes the attacks on the *Pentagon* and on *United Flight #93* in Shanksville, Pa.

Never forget!

What lies ahead for Washington as the mid-term election is right around the corner?

In November 2026, more Senate seats will be open than usual. Here in Florida, **Senator Moody** (who was appointed to replace Marco Rubio) will be on the “firing line” as she faces off against **Angie Nixon**. Of course, all House seats will be contested for new two-year terms. This cycle will be *very interesting* for sure so fasten your seatbelt!!

Speaking of the election for the U.S. Senate, those U.S. Senators who will be sworn in January 2027 for a six-year term will be facing the **Social Security** storm. According to *Kiplinger Personal Finance* (September 2026) the SS Trust Fund that pays out benefits to retirees is looking grim. Unless Congress steps in, the fund will be depleted in 2032. This means that benefits will automatically be cut by over 20%. Benefits will continue but only to the level that current payroll taxes can fund them. The following factors contribute to this calculation:

- We are living longer thus collecting benefits longer
- According to the *Bureau of Labor Statistics* (July 2026) our workforce has dropped by a million workers (170.4 million v. 169.1 million)
- Lower fertility rates mean we have fewer workers to contribute payroll taxes
- Immigration has materially slowed, thus less workers

There are several proposed fixes to SS being floated in Congress:

- Increase the amount of earnings subject to SS payroll tax (right now the cap is \$184,500)
- Raise the normal retirement age (now FRA sits at 67 Y.O.A.)
- Modify the COLA formula (as we know COLA is **VERY** expensive!)

Only time will tell if Congress has the courage to address this pressing issue.

Tax burden: According to the Kiplinger Tax Letter (April 2026) for the **tax year 2023** here is the breakdown of who paid federal income taxes:

- The top 1% paid 38.4% of all US federal income taxes (down from 40.43% in 2022)
- The top 5% paid 59.3% of total Federal income taxes
- The top 10% paid 70.54% of total Federal income taxes
- The bottom 50% of filers paid 3.26% of total Federal income taxes

In a recent column published in thecoastalnews.com *Greg Edward* highlighted the “**psychology of wealth.**” Understanding emotional biases is critical to successful investing. Behavioral finance teaches us that the following emotions can derail good investment decision-making:

- *Loss aversion* – a tendency to feel the pain of losses more intensely than the pleasure of gains
- *Recency bias* – overemphasizing recent events and assuming they will continue (good or bad)
- *Herding* – following the crowd into or out of investments without sound reasoning
- *Overconfidence* – believing one has more control or insight than they actually do

These biases are hardwired into our psychology. But with awareness and structure, investors can be successful if they can manage their emotions.

Mark Cuban (of Dallas Maverick & Shark Tank fame) recently appeared on the Dave Ramsey podcast where he highlighted one of the biggest dangers to a secure retirement: **Credit Card Debt.** As we approach or enter retirement, we should diligently work to reduce our exposure to this kind of debt. A few other dangers to a safe and secure retirement are divorce, health care costs and substance abuse.

A never-ending war? The US is now approaching its seventh month in its conflict with Iran and there seems to be no “off-ramp.” According to the Kiplinger Letter (April 2026) here is what we can be sure of:

- energy prices will continue to be elevated
- the global economy will continue to be volatile
- fertilizer prices will continue to be elevated thus impacting the prices we pay for food

Yet.....the stock market has continued to perform well. Let's take a look.

Pension Fund performance: needless to say, we continue to climb out of the deep hole created by a difficult 2022 market (across the board losses).

For **2022** the numbers were:

S&P 500	-18.11%	Dow Jones	-6.86%
NASDAQ	-33.1%	MS EAFE	-14.45%

For **2023** the numbers were:

S&P 500	+ 29.29%	Dow Jones	+ 16.18%
NASDAQ	+ 43.42%	MS EAFE	+ 18.24%

For **2024** the numbers were:

S&P 500	+ 25%	Dow Jones	+ 12.88%
NASDAQ	+28%	MS EAFE	+ 3.51%

For **2025** the numbers were:

S&P 500	+ 16.39%	Dow Jones	+ 12.97%
NASDAQ	+20.6%	MS EAFE	+ 31.22%

For the first six months of **2026** the numbers were:

S&P 500	+ 10.21%	Dow Jones	+ 8.9%
NASDAQ	+ 12.8%	MS EAFE	+ 9.44%

So far, 2026 has been positive as can be seen by the numbers above; however, we have one more quarter to go in our fiscal year. As of this writing, the **final quarter** of the Fund's FY (July - September) has been positive based on outstanding 2nd Quarter earnings reports from a majority of companies which were reported in August. **Now, let's take** a deep look at our Pension Fund as we closed out the FY 3rd Quarter 6.30.26 (calendar year 2nd Quarter) which finished just under **\$350 million**:

For the reporting period (FY 3rd Quarter) the **Dow** was + 13.4%; the **NASDAQ** was + 21.6% and the **S&P 500** was + 15.20%. The Fund gained + 8.82% during this quarter; and has gained +15.81% over the past 12 months. The Fund relies on our consultant and our investment professionals to invest with prudence. In the meantime, our **DROP** rate of return for the 3rd Quarter ending June 30, 2026, has been set at +8.82% as certified by our consultant. Please refer to the attached reports for a more complete look at our Fund's performance.

Some parting thoughts to share in my final quarterly letter to you:

- Never be afraid to ask for help
- Never be afraid to say "I don't know"
- Never regret anything, learn from everything
- Think fast but speak slow
- Share your knowledge because wisdom not shared is wisdom lost

In the meantime, and as always: stay safe & stay in touch!

Private investment returns are reported on a lag using the best available data at time of reporting. Valuations are recorded in the month they are received, therefore returns may not tie back to managers' reported IRR.

TPA: Total Plan Assets. Investment Multiple (TVPI): Total Value (Distributions + Net Asset Value) divided by Paid-In capital. This measures the total gain. A TVPI ratio of 1.30x means the investment has created a total gain of 30 cents for every dollar contributed. The IRRs shown in this exhibit are Net of Fees and calculated by the investment manager. IRRs listed less than one year are not annualized.

Mariner Institutional compiled this report for the sole use of the client for which it was prepared. Mariner Institutional is responsible for evaluating the performance results of the Total Fund along with the investment advisors by comparing their performance with indices and other related peer universe data that is deemed appropriate. Mariner Institutional uses the results from this evaluation to make observations and recommendations to the client. Mariner Institutional uses time-weighted calculations which are founded on standards recommended by the CFA Institute. The calculations and values shown are based on information that is received from custodians. Mariner Institutional analyzes transactions as indicated on the custodian statements and reviews the custodial market values of the portfolio. As a result, this provides Mariner Institutional with a reasonable basis that the investment information presented is free from material misstatement. This methodology of evaluating and measuring performance provides Mariner Institutional with a practical foundation for our observations and recommendations. Nothing came to our attention that would cause Mariner Institutional to believe that the information presented is significantly misstated.

This performance report is based on data obtained by the client's custodian(s), investment fund administrator, or other sources believed to be reliable. While these sources are believed to be reliable, the data providers are responsible for the accuracy and completeness of their statements. Clients are encouraged to compare the records of their custodian(s) to ensure this report fairly and accurately reflects their various asset positions.

The strategies listed may not be suitable for all investors. We believe the information provided here is reliable, but do not warrant or guarantee its accuracy or completeness. Past performance is not an indication of future performance. Any information contained in this report is for informational purposes only and should not be construed to be an offer to buy or sell any securities or any investment advisory services.

Please note that Neuberger Berman (NB) owns a non-controlling minority stake in Mariner. Certain NB strategies may hold an allocation to the investment in Mariner.
